You can also visit our site: <http://www.dhgate.com/>, and send me a list of links to the products you'd like to review(It would be much better if you can select products from the top sellers or sponsors with many transactions, as we know them well and can guarantee the quality of the product).

挑选产品价值过高:

We'd like to send you those original phones, but we're supposed to send free samples under \$300 for the first time of our collaboration because of the budget. I hope you can understand.

提供地址之后:

That's great! I'll tell our seller to send you the product via DHL ASAP, and let you know and give you the track number when it is shipped out.

告知发货并提供拍视频指导:

Hi there,

I'm glad to tell you that the gear was shipped out via DHL, and the track number is 1982307978.

Here are a few tips when you make the video:

1. If you haven't reviewed any product from DHgate, please briefly introduce DHgate to your audience.

2.

	Product	link:

(Please provide the links below in the description box)

3. Please include DHgate in the title of the video, and put the product link in the front of the description box, so that the audience can see it without clicking "show more".

4. Please remind the viewers to click the link in the description box and buy the product if they are interested!

My boss pays close attention to the orders the video may bring to our seller, so it would be great if the video could display the information that a potential buyer may want to know and gets them interested.

Thanks
Zixiang

5. 不包括 Discount: The seller will give a discount of \$3 or \$5 to your audience, if they click the link in the description box and buy any item on the seller's store. All they need to do is to contact the seller and send him the link of your video.

6. Logo: the clone or replica we send to you is the one without logo, but please tell your audience that we also have those with logo.

后期合作:

If the collaboration goes well, we' d like to establish a long-term cooperative relation with you, and send your more products, maybe two or three at one time.

询问是否已收货, 催拍视频

Hi,

Have you received the hair? When do you think we can expect the review video? Please let me know when the video is live on your channel. Thanks a lot!

上传 unboxing 视频之后:

Thanks a lot for uploading the video so quickly and it is really great!

Do you have any plan to make an in-depth review video for the DG500C? If so, please let me know when the video is live on your channel. Also, if you're interested in any other phone on DHgate, feel free to let me know, and I'll try to send it to you once you finished your videos for DG500C.

视频信息需要修改:

The video is great, and it would be even better if you don't mind making the following little changes:

1. It would be great if you could put the product link I gave to you in the description box: <http://www.dhgate.com/product/new-1-1-s5-i9600-dual-core-mtk6572-5-1-inch/185927991.html?f=seoyoutube2-55>. The part ?f=seoyoutube2-55 allows us to know how many orders come from your video, and if you leave it out, my boss may believe that your video brings no traffic or order for us. :(

2. Please put the product link in the front of the description box, so that the audience can see it without clicking "show more"

视频使用问题:

Would you mind me sharing the videos to our official YouTube channel or our website? It's just like that your videos can be watched by more people and can get more views.

What do you think?

原始视频问题:

Is it OK to send us the video files after you upload it to your channel? We'd like to upload it to our official channel, as well.

付款时间问题:

I've told our financial to remit \$100 to you, but it may take 5 to 10 days, as there are certain procedures to go through. I hope you can understand.

转单号问题:

We can't get the track number as soon as the package is shipped out, because the track number will be changed during the shipping, as it is shipped to another country. If we give you the original track number, you can track nothing.

Hi there,

Just got some news and I want you to know that lately our manager told me that all the electronic products are difficult to be sent, because most of the express company refuse to send products with battery, if we choose some small express company then it might be take one or half month, I hope you know that we are working on this, I'll keep you update. Once again, we are really sorry about this trouble.

In this case, all of our stuff are working on some other products that can make review

video, like ECigarette etc, please let me know if you interested in other kinds of products and we can discuss about it.

Thanks
